Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2017-18 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

Current plans to revise curricular offerings include the increase of special education coursework for the general classroom teacher. Assessment instruments evaluate the ability for teacher candidates to instruct students with disabilities, from low-income families, and with limited English proficiencies. Finally, teacher candidates are provided with field experiences in both rural and urban schools.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

All teacher candidates are required to complete ELRN 385 Educational Technology and Distance Teaching. This three-credit course prepares candidates to integrate evolving technologies into the curriculum and their instruction. Candidates learn many theoretical frameworks that focus on teaching with technology. They are required to complete several lesson plans and to teach two lessons with a focus on the integration of technology. Candidates also take EDER 415 Educational Assessment. This two-credit course prepares candidates to use technology to collect, manage, and analyze data to improve teaching and learning. Candidates are required to demonstrate, and are assessed, on their ability to integrate technology into instruction during the following field and clinical experiences: ELED 395 Elementary Reading Practicum, SEED 395 Secondary Reading Practicum, ELED 396 Elementary Field Experience I, ELED 496 Elementary Field Experience II, SEED 496 Secondary Field Experience, SPED 396 Special Education Field Experience I, SPED 496 Special Education Field Experience II, ELED 488 Elementary Student Teaching, SEED 488 Secondary Student Teaching, and SPED 488 Special Education Student Teaching. Candidates are also assessed on their ability to effectively use technology to improve teaching and learning through a self-report survey tool based on the International Society for Technology in Education (ISTE.NETS).

Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All teacher candidates enroll in SPED 100 which is an introductory special education course. Information from this course is reinforced in both the Human Relations and Child and Adolescent Development courses. All candidates also take EDFN 442 Meeting the Diverse Needs of Students and their Families course. In this course, candidates develop an understanding of the role of general education teachers in individual education program teams. This course addresses research based strategies for teaching students with limited proficiency in English too. Faculty have also developed courses, in cooperation with local school districts and educators, for a K-12 English as a New Language (ENL) endorsement. Candidates will be encouraged to consider completion of this endorsement by faculty advisors, in an effort to meet the needs of local and surrounding communities that have seen a significant increase in the number of children entering schools who have limited English language proficiency. Additionally, faculty are currently conducting a curriculum review and plan to add special education courses to elementary and secondary teacher education programs. This decision was based on feedback from clinical supervisors, employers, and alumni.

All teacher candidates enroll in EDFN 442 Meeting the Diverse Needs of Students and their Families. In this course, candidates develop an understanding of the role of general education teachers in individual education program teams. This course also addresses research based strategies for teaching students with limited proficiency in English.

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Northern State University has been preparing teachers since 1901 and, throughout its history, the education of teachers has remained an important aspect of the university's mission. As a charter member of the National Council for the Accreditation of Teacher Education, NSU's teacher education programs have enjoyed NCATE accreditation since January 1, 1954. The unit hosted a legacy onsite review by the joint State/NCATE review team in April 2014. In October 2014, a final decision was made by the Continuous Improvement Commission of the Council for the Accreditation of Educator Preparation (CAEP). It was decided that NCATE accreditation of the School of Education at Northern State University (NSU) would be continued at the initial and advanced preparation levels.
