SECTION I: PROGRAM INFORMATION

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

SECTION I: PROGRAM INFORMATION

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

SECTION I: PROGRAM INFORMATION

Program Assurances

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

S PAGE	

>> Program Assurances

Program Assurances
Note: This section is preloaded from the prior year's IPRC.
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.
• Yes • No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
Yes No.
No Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.
Yes No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.
• Yes No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
• Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Students have an opportunity to read internationally recognized author, Ruby Payne's book, A Framework for Understanding Poverty, in EDFN 442 Meeting the Diverse Needs of Students and Their Families. This is a required course for all teacher candidates. Also, all education majors are required to take Human Relations, EDFN 475. Recent revisions curricular offerings include the increase of special education coursework for the general classroom teacher. Assessment instruments evaluate the ability for teacher candidates to instruct students with disabilities, from low-income families, and with limited English proficiencies. Finally, teacher candidates are provided with field experiences in both rural and urban schools. A new MSED in Special Education degree is in the process of being created. Students will be able to add an endorsement for blind/visual impairment (also available as an undergraduate program minor).

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes

No

- b. use technology effectively to collect data to improve teaching and learning
 - Yes

No

- c. use technology effectively to manage data to improve teaching and learning
 - Ye

No

- d. use technology effectively to analyze data to improve teaching and learning
 - Yes

No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All teacher candidates are required to complete ELRN 385 Educational Technology and Distance Teaching. This three-credit course prepares candidates to integrate evolving technologies into the curriculum and their instruction. Candidates learn many theoretical frameworks that focus on teaching with technology. They are required to complete several lesson plans and to teach two lessons with a focus on the integration of technology. Candidates also take EDER 415 Educational Assessment. This two-credit course prepares candidates to use technology to collect, manage, and analyze data to improve teaching and learning. Candidates are required to demonstrate, and are assessed, on their ability to integrate technology into instruction during the following field and clinical experiences: ELED 395 Elementary Reading Practicum, SEED 395 Secondary Reading Practicum, ELED 396 Elementary Field Experience II, SEED 496 Secondary Field Experience, SPED 396 Special Education Field Experience II, ELED 488 Elementary Student Teaching, SEED 488 Secondary Student Teaching, and SPED 488 Special Education Student Teaching. Candidates are also assessed on their ability to effectively use technology to improve teaching and learning through a self-report survey tool based on the International Society for Technology in Education (ISTE.NETS).

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Northern State University has been preparing teachers since 1901 and, throughout its history, the education of teachers has remained an important aspect of the university's mission. As a charter member of the National Council for the Accreditation of Teacher Education, NSU's teacher education programs have enjoyed NCATE accreditation since January 1, 1954. The unit hosted a CAEP site visit in the spring of 2021 and was granted accreditation with one stipulation in the spring of 2022. The stipulation review will occur in the spring of 2023.
