Section 1. Course Title and Description

If the course contains a lecture and laboratory component, identify both the lecture and laboratory numbers (xxx and xxxL) and credit hours associated with each. Provide the complete description as you wish it to appear in the system course database, including pre-requisites, co-requisites, and registration restrictions.

Prefix & No.	Course Title	Credits
NURS 329	Health and Illness I	4
NURS 329L	Health and Illness I Lab	2

NOTE: The Enrollment Services Center assigns the short, abbreviated course title that appears on transcripts. The short title is limited to 30 characters (including spaces); meaningful but concise titles are encouraged due to space limitations in the student information system.

NURS 329 Course Description

An introduction to the nursing role related to interventions that promote and restore health and prevent disease. Focus is on the delivery of care to the hospitalized adult client with acute and chronic health conditions. Evidence-based practice, technology, professional standards and inter-professional collaboration are used to develop clinical reasoning skills that enhance patient-centered, safe and effective care. Co-requisite: NURS 329L, NURS 328 and NURS 355 Pre-requisites: NURS 238, NURS 239/L, NURS 269/L and NURS 327

NURS 329L Course Description

Evidence-based practice, technology, professional standards and inter-professional collaboration are used to develop clinical reasoning skills that enhance patient-centered, safe and effective care. Co-requisite: NURS 329

NOTE: Course descriptions are short, concise summaries that typically do not exceed 75 words. DO: Address the content of the course and write descriptions using active verbs (e.g., explore, learn, develop, etc.). DO NOT: Repeat the title of the course, layout the syllabus, use pronouns such as "we" and "you," or rely on specialized jargon, vague phrases, or clichés.

----------	--------------	--------

Registration Restrictions

Admission to the BSN Program.

Section 2. Review of Course

2.1. Will this be a unique or common course (place an “X” in the appropriate box)?

Unique Course

If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.

Prefix & No.	Course Title	Credits
NURS 334	Patient-Centered Care Concepts II	5
NURS 320	Designer, Coordinator, and Manager of Care I	3-5

Provide explanation of differences between proposed course and existing system catalog courses below:

Neither course has a lab component, which is included in NSU’s course. NURS 334 contains subject matter that is not covered in the NSU course. NURS 320 includes professionalism concepts, which are covered in a different NSU course. Nursing curricula and course breakdown vary between all programs as they are tailored to each school's unique characteristics and goals, just as Northern’s program is being tailored to our unique characteristics and goals.
