## Section 2. Review of Course

### 2.1. Will this be a unique or common course (place an "X" in the appropriate box)?

**Unique Course**

*If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.*

NURS 431	Designer, Coordinator, Manager of Care Clinical Experience III	1-5
NURS 435	Clinical Application IV	3-4

*Provide explanation of differences between proposed course and existing system catalog courses below:*

Both are listed as variable credit.
