An accelerated graduate program for the purposes of this guideline is a graduate program at a Regental institution that allows a student to count courses for undergraduate and graduate credit simultaneously. Board Policy 2:8 – Level and Numbering of and Enrollment in Courses governs the transfer of courses between the undergraduate and graduate program.

Board of Regents Policy 2:5 – Transfer of Credit requires the Board of Regents to approve accelerated programs involving the transfer of thirteen (13) or more credits up to a total of twenty-five (25) total transfer credit hours at the accepting institution. In other words, an institution may create an accelerated program of one (1) to twelve (12) hours without Board approval. However, an accelerated program requires the creation of coding by the Enrollment Services Center (ESC) regardless of whether or not the accelerated program is accepting more than twelve (12) credit hours.

**1. Maximum number of credits allowed to transfer between undergraduate and graduate program:**

12

**2. Is the response to Question 1 more than thirteen (13) credit hours?**

Yes

(requires BOR approval)

No

(does not require BOR approval)

**3. What is the proposed date (day/month/year) the accelerated program would begin?**

August 1, 2022

**4. Please provide a brief explanation of the accelerated program, including specific courses eligible for both the undergraduate and graduate program credit.**

Many students stay in undergraduate campuses for five years due to red-shirting in athletics or the NCAA extra year of eligibility. It would be wise to provide students an option to extend their education with an accelerated graduate program.

The accelerated courses are PE 514 – Law & Ethics, PE 511 – Sport Marketing, PE 512 – Financial Aspects of Sport, and PE 567 – Event Planning & Program Development. All four courses are major requirements for Sport Marketing & Administration at the undergraduate level and would be taken in the students' senior year.
