**Annual Fire Statistics Disclosure.....50**

## **Preparation of the Annual Security Report and Disclosure of Crime Statistics**

This report complies with the Jeanne Clery Disclosure of Campus Security and Policy and Crime Statistics Act. An electronic version of this report can be located on our website at <http://www.northern.edu/campus-life/campus-safety>.

This report is prepared in cooperation with the Office of Student Affairs, the Office of Student Rights and Responsibilities, the Aberdeen Police Department, local law enforcement agencies, and campus security authorities. At NSU, individuals with responsibility for campus security may include officials with significant knowledge and/or oversight of student events and activities, and campus life. These include but are not limited to officials in student services such as campus safety, residence life, student involvement, and student conduct. If serving in a pastoral or professional counselor capacity, the official shall not be considered a campus security authority.

### **Notice of Availability of the Annual Security Report**

This report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by NSU; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes NSU policies on matters such as sexual assault, drugs and alcohol, fire safety and crime prevention.

You can obtain a copy of this report by accessing the following website: <http://www.northern.edu/campus-life/campus-safety>.

### **Notice of Non-Discrimination**

NSU complies with all applicable federal and state nondiscrimination laws. NSU admits students of any race, color, national and ethnic origin, sex, age, disability, or veteran status to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin, sex, age, disability, or veteran status in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

## **How to Report a Crime or Other Emergency**

Whether you are the victim or a witness of criminal activity, you have the responsibility to promptly and accurately report the incident. If a crime occurs on or around the NSU Campus, report it immediately to the on-duty campus police officer or a local law enforcement agency.

### **Emergency Procedures**

Crimes in progress and crimes that have recently occurred should be reported by dialing 9-911 on a campus telephone or 911 when using a non-campus phone. When a victim or a witness calls to report a crime or suspicious activity, the following information should be provided for investigation:

- A brief description of what occurred
- The time and location of the incident
- Any injuries that occurred during the incident
- Whether any weapons were involved
- When and where the suspect was last seen
- A physical description of the suspect

### **Non-Emergency Procedures**

For non-emergency assistance, please call the Aberdeen Police Department non-emergency dispatch at 605-626-7911. While individuals are encouraged to report crimes to the police, they may also seek support and assistance with reporting from the Office of Student Affairs, the Office of Student Rights and Responsibilities, Student Health Services, and the Counseling Center, among other university departments prepared to provide guidance for reporting crimes on or off-campus.

### **Confidential Reporting of a Crime**

The purpose of a confidential report is to comply with your desire to keep the matter confidential, while taking steps to ensure a safe campus environment. NSU will make all reasonable efforts to keep your identity confidential.

To receive the appropriate support, students or employees who are victims or witnesses to a crime are encouraged to talk to somebody about what happened. Certain employees are required to maintain near complete confidentiality; talking to them is considered

“privileged communication.” Disclosures to these employees will not trigger a University investigation into an incident against the victim or witnesses wishes.

Employees, other than those with privileged communication, are required to report all details of a sexual violence incident (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator. A report to these employees constitutes a report to the University – and generally obligates the University to investigate the incident and take appropriate steps to address the situation. This policy is intended to make students and employees aware of the various reporting and confidential disclosure options available so they can make informed choices about where to turn should they become a victim of sexual violence.

On-campus professionals who are licensed counselors or serve in a pastoral capacity are not required to report any information about an incident to a University official without a victim’s permission include:

**Heather Aldentaler, Director of Counseling Center**

**605-626-2371**

**Kelly Weismantel, Counseling Center**

**605-626-2371**

**Cory Anderson, Counseling Center** *(No longer with NSU as of October 2020)*

**605-626-2371**

If there is immediate risk to life or property, call the Aberdeen Police Department by dialing 911 off-campus or 9-911 from an on-campus telephone.

NSU keeps accurate records of the number of incidents involving students and employees to determine if a pattern of crime exists with regard to a particular location, method or assailant, and has the ability to alert the campus community to potential danger. Reports filed in a confidential manner will be counted and disclosed in the annual crime statistics for NSU.

## **Law Enforcement Services on Campus**

NSU currently contracts the Aberdeen Police Department to provide for the safety and security of NSU’s campus. The memorandum of understanding between NSU and APD

ensures that a certified law enforcement officer is available during the academic calendar to engage in general law enforcement activities.

The law enforcement officer provides services to the campus by investigating crimes on campus and crimes against employees and students, as well as providing a visual deterrent to crime through officer presence. Having an officer stationed at NSU increases accessibility for the students and employees while decreases response time to incidents on campus.

During the academic year, the law enforcement officer provides a wide variety of services to NSU. Activities commonly includes involvement with the Residence Life staff, putting on and assisting in classroom presentations, making students aware of safety issues on and off campus, foot patrols through campus, traffic enforcement on and around campus, patrols through closed buildings, and assuring doors are locked. NSU and APD work together and share information with the goal of identifying potential problems and addressing these issues through officer presence, community awareness, and education.

All law enforcement officers assigned are sworn officers with the Aberdeen Police Department and are certified to meet the minimum standards of training for a law enforcement officer as provided by statute in the South Dakota Commission of Law Enforcement Officers Standards and Training, and shall be subject to other training as deemed appropriate by the Aberdeen Chief of Police.

The APD cooperates with NSU to supply pertinent information regarding observations and reports by the officers assigned to the campus. At all times, the law enforcement officer assigned to campus is subject to the authority and jurisdiction of the Aberdeen Police Department.

NSU community members should report crimes and other emergencies to the on campus law enforcement officer listed below. Emergency services are available from campus phones by dialing 9-911 or 911 off campus.

You can contact the Campus Officer at - Office 605-626-2474, or via email at [nsucampusofficer@northern.edu](mailto:nsucampusofficer@northern.edu).

When the Aberdeen Police Department officer is not present on campus, APD will attempt to monitor the NSU campus by providing random security checks and responding to calls on the cell phone issued to the officer normally assigned to campus.

In addition to the on campus officer, APD will provide additional officers who randomly patrol the campus on a regular basis in the evening and early morning hours. During all other hours, please contact APD's non-emergency number at 605-626-7911 or for emergencies call 911 off-campus and 9-911 on-campus.

### **Working Relationship with Local, State, and Federal Law Enforcement Agencies**

The Aberdeen Police Department works closely with state and federal police agencies and has direct radio communications with the Brown County Sheriff's Office, Game Fish & Parks, South Dakota Highway Patrol, fire, ambulance and other emergency agencies.

Any university owned or leased property in outlying areas is patrolled either by the Aberdeen Police Department, the Brown County Sheriff's Office, or the South Dakota Highway Patrol.

### **Crimes Involving Student Organizations at Off-Campus Locations**

The Aberdeen Police Department monitors and records off-campus criminal activity involving NSU students. This information is provided to the Office of Student Affairs and the Office of Student Rights and Responsibilities for any action or follow-up that may be required. In instances where policy infractions may violate the NSU Student Code of Conduct, the incident will be referred to the NSU Office of Student Rights and Responsibilities for the appropriate student conduct response.

The Student Code of Conduct also applies to the off-campus conduct of students and student organizations in connection with any required educational activity or co-curricular experience and any activity or event sponsored, conducted, or authorized by NSU. The Student Code of Conduct may also be utilized by addressing student conduct occurring off campus that affects the interests or environment of the campus community and/or individual members or specific groups within that community.

Violations of the Student Code of Conduct set forth in this policy may also constitute violations of criminal or civil law. The Student Conduct proceedings are independent of the criminal or civil process, and will not be delayed or withdrawn pending the outcome of the criminal or civil process or as a result of any findings made through that process. Disciplinary sanctions may be imposed regardless of any findings made through the criminal or civil process.

## **Crime Prevention and Safety Awareness Programs**

New students are introduced to services offered by the Aberdeen Police Department during fall orientation. Educational events concerning personal safety and security are sponsored by the residence hall staff in each hall on an annual basis. The hall covers safety and security information in floor meetings during the first days of each semester and periodically throughout each semester.

The Aberdeen Police Department also provides instruction on preparation and planning geared toward proactively handling the threat of an aggressive intruder or active shooter event. The presenting officer is certified in **ALICE Training** (Alert, Lockdown, Inform, Counter, and Evacuate) to enhance the traditional RUN, HIDE, FIGHT response.

The Aberdeen Police Department is also involved with NSU's annual Campus Safety Awareness week each fall. Campus Safety Awareness Week is an event to promote safety and provide emergency information on campus. This week provides the campus community an opportunity to learn more about emergency preparedness in an interactive setting. The Aberdeen Police Department hosts an event call "Pizza with the Police" which provides an opportunity for community building between the Police Department and NSU students.

## **Security and Access to NSU Facilities**

During business hours, the NSU campus, excluding residence halls, will be open to students, parents, employees, contractors, guests and invitees. Non-business hour access to all NSU facilities is by key, if issued, or by admittance via the on-duty campus police officer, an authorized university representative or NSU housing staff. In cases of periods of extended closing, the University will admit only those with prior approval.

The residence halls are secured by housing staff 24/7 during the academic calendar and between semester breaks. Over extended breaks, the doors of all residence halls will be secured 24/7 and any electronic card readers will be deactivated for unauthorized individuals. Some campus facilities may have individual hours that may vary at different times of the year. In such cases, the facilities will be secured according to schedules authorized by the University administration.

Wolves Memorial Suites, Great Plains East, and Great Plains West are the only residence halls on campus that have security cameras at all entrances and exits on the first floor level of the building.

### **Emergency Response and Evacuation Procedures**

This policy statement summarizes the University's emergency response and evacuation procedures, including protocols for emergency notifications in those situations that represent a significant emergency or dangerous situation affecting the health and/or safety of the University community. This policy statement complies with the Emergency Notification requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Higher Education Opportunity Act of 2008 and applicable Department of Education regulations.

### **Emergency Response Plan**

The University is responsible for the overall direction and planning for emergency situations on campus or those that occur in the local or regional area affecting the campus. The University has developed a comprehensive, all-hazards Emergency Response Plan that outlines steps the University will take to prevent and mitigate, prepare for, respond to, and recover from a full range of likely hazards the University may face. Included at the web page below is information regarding the University's emergency notification policy, including how to enroll in the mass notification system to ensure individuals receive emergency notices on their personal phone.

<https://northern.edu/campus-life/campus-safety/campusalert>

### **Emergency Notification System**

The University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of an emergency situation on campus or in the local area that poses a risk to the health and safety of campus community members. To support this commitment, the University has invested in a multi-modal form of communication that allows administrators to distribute notices in the event of a critical incident or dangerous situation.

The Campus Alert System for all students, faculty, and staff is known as Everbridge. During an emergency, critical emergency-related alerts are sent directly to users' cell, home, and/or office phone or email.

This system helps us notify students, staff, and faculty of any emergencies that occur on or near campus locations. Emergencies may include - but not be limited to - weather alerts, school closings, fire, or criminal activity.

All students are automatically a part of this system through their campus-assigned email address. An email is sent to the campus-assigned email account with information about how to register for the alert system. During registration, students may register their personal telephone numbers, personal e-mail addresses, or other personal electronic devices to receive these campus alerts.

All staff and faculty are also automatically included in this alert system with their campus-assigned email address. An email is sent to the campus-assigned email account with information about how to register for the alert system. Staff and faculty are required to register and add any campus-provided phone numbers (desk or cell). Inclusion of personal contact information such as home telephone or personal cell phone is encouraged, but not required.

Students and faculty can update their Campus Alert information by accessing <https://www.northern.edu/campus-life/campus-safety/campusalert>.

The campus emergency alert system is tested at least once per academic year.

### **Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:**

First responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety to some or all members of the campus community, first responders will notify supervisors in the authorized University office to issue an emergency notification.

The University's authorized representatives and/or other members of the University's senior administration, will immediately initiate all or some portions of the University's emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain,

respond to, or otherwise mitigate the emergency, the University may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the University will issue the emergency notification to the campus community or applicable segment of the community.

### **Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:**

Campus and local first responders on the scene of a critical incident or dangerous situation that poses an immediate threat to the health or safety of the campus community will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University mass notification system, the University will also post applicable messages about the dangerous condition on the University homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of or the entire campus, University officials will distribute the notification to the entire campus community.

### **Determining the Contents of the Emergency Notification:**

The office responsible for issuing the emergency notification will, with the assistance of campus and local first responders, determine the content of the notification. Those issuing the notification will use the following guidelines when determining the contents of the emergency message.

1. The first message is intended to **Alert** the community or appropriate segment of the campus community of the dangerous condition and the actions they should take to safeguard their and their neighbor's safety. Messages distributed in this stage of a rapidly unfolding critical incident will generally be short, precise, and directive. Examples include: "The campus is experiencing a major power outage affecting the following buildings: Brown, Red, White, and Yellow Halls. All occupants of these buildings should immediately evacuate." "There is a chemical

spill at Brown Hall. The chemical released is extremely hazardous if inhaled. Occupants of Brown Hall should immediately evacuate the building through the northeast exits. Follow the directions of fire personnel who are on scene.”

2. The second message is intended to **Inform** the community or appropriate segment of the campus community about additional details of the situation. This message is generally distributed once first responders have additional information about the dangerous situation. Examples include: “The power outage affecting Brown, Red, White, and Yellow Halls was caused by a cut power line. PSE&G are responding along with Facilities personnel to repair the damage. We expect the outage will last until 2:00 p.m. Refer to the University homepage for additional information.”
3. Finally, the third message is the **Reassure** notice that is generally distributed once the situation is nearly or completely resolved. The purpose of this message is to reassure the community that the University is working diligently to resolve the dangerous situation. It can also be used to provide additional information about the situation and where resources will be available.

In those cases where there are no pre-determined template messages in the system, the individual issuing the alert will send develop the most succinct message to convey the appropriate message to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

### **Procedures Used to Notify the Campus Community**

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event for emergency notification to all or a segment of campus community. These methods of communication include the mass notification system Everbridge, the University’s email system, or emergency messages on the NSU homepage. The University will post updates during a critical incident on the homepage.

## **Timely Warnings**

In the event that an incident occurs, either on or off campus, that constitutes a threat to the campus community, a timely warning will be issued. The warning will be issued through the NSU Campus Alert System, which includes notifications through email, text message and telephone. Notice may also be sent through alternative or additional methods of communication as deemed necessary by NSU.

## **Missing Student Notification Policy and Procedures**

### **Procedures Pursuant to South Dakota Board Regents Policy 3:21**

#### 1. Reporting a Student as Missing

If the initial investigation is being undertaken by the Campus Police Officer, they will either request that

student affairs personnel enter student rooms or they will obtain search warrants.

- iv. University personnel may pursue such additional or other investigative activities as are reasonable under the circumstances.

C. When the university notifies local law enforcement agencies, it will also notify such persons as the student may have designated pursuant to § 4(A), below, that the student is missing.

- i. In the case of non-emancipated students under the age of 18, the university will notify the students' custodial parents or legal guardians.

D. The university will determine whether circumstances suggest that others living, working or participating in activities at the university may be in danger, and if it determines that such a danger may exist, it will warn the campus.

### 3. Publication of this Policy

A. Each university will publish this policy electronically through websites designed to convey emergency or law enforcement information; will incorporate its provisions into student handbooks, resident life or similar publications; and will otherwise assure that students know, or should know, of its provisions.

### 4. Students' option to Identify Persons to be Informed.

A. At the time that a student is accepted as a resident in university controlled housing, the student will be given an opportunity to designate an individual to be notified pursuant to this policy in the event that the student becomes missing.

- i. Students will be provided confidential means to designate such individuals and to update their designations.
- ii. Such contact information will be held as a confidential student record.

B. In the event that a student becomes missing, the university will notify a custodial parent or legal guardian.

## **What to Do if You or a Friend Experience Sexual Assault, Dating Violence, Domestic Violence, or Stalking**

If you are the victim of sexual misconduct, gender-based violence or the crime of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Locate a safe place to contact the NSU On-Campus Police Officer at 605-626-2474, Aberdeen Police Department at 605-626-7010, 9-911 on-campus or call 911 if off-campus.
2. Consider securing immediate professional support (e.g.: counseling, victim advocacy, medical services, etc.) to assist you following the incident.
3. If you are on campus during regular business hours, you may contact the NSU Counseling Center at 605-626-2371 for support and guidance. This is a confidential source. An after-hours emergency contact is Northeast Mental Health Center at 605-225-1010 or 605-229-1000.
4. For your safety and well-being, immediate medical attention is encouraged. Being examined as soon as possible is important in the case of rape or sexual assault. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate or change clothes before receiving medical attention. If you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.

## **Preserving Evidence Following an Incident of Sexual Assault, Dating Violence, Domestic Violence, or Stalking**

If police are involved or will become involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet, to avoid contamination. If you have physical injuries, photograph or have them photographed, with a date stamp on the photo. Record the names of any witnesses, and their contact information.

This information may be helpful to the proof of a crime, to obtain an order of protection or to offer proof of a campus policy violation. Try to memorize details (physical description, names, license plate number, car description), or even better, write notes to remind you of details, if you have time and the ability to do so.

If you obtain external orders of protection (e.g. restraining orders, injunctions, protection from abuse), please notify the Northern State On-Campus Police Officer at **605-626-2474**.

### **Accommodations and Interim & Supportive Measures**

In the event that sexual misconduct, gender-based violence or the crimes of sexual assault, stalking, dating violence or domestic violence does occur, NSU takes the matter very serious. The University employs supportive measures such as interim suspension and/or no contact orders in all cases where a faculty or student's behavior represents a risk of violence, threat, pattern or predation.

Interim measures are intended to protect the interests of both the Complainant and the Respondent prior to a hearing. Interim measures may be both remedial (designed to address a Complainant's safety and well-being and continued access to educational opportunities) or supportive (involving action towards a Respondent). Interim Measures may include, but are not limited to, no-contact directives, residence modifications, academic modifications and support, Institutional work schedule modifications, interim residence suspension, or interim suspension. Written Notice of Interim Measures shall be provided to the party to whom the interim measures are directed.

### **Campus Procedures for Addressing Sexual Misconduct, Dating Violence, Domestic Violence, Stalking, Sexual Harassment, and Gender Discrimination**

For offenses including sexual misconduct or other gender-based violence, which often include the crimes of domestic violence, dating violence, sexual harassment, sexual misconduct and stalking, sanctions range from warnings through expulsion. Serious and violent incidents and acts of non-consensual sexual intercourse usually result in suspension, expulsion or termination of employment pursuant to the South Dakota Board of Regents Policy 1:18, Human Rights Complaint Procedures at

[www.sdbor.edu/policy/documents/1-18.pdf](http://www.sdbor.edu/policy/documents/1-18.pdf).

When NSU receives any complaint related to sexual misconduct, gender-based violence, or other sex or gender discrimination, the campus Title IX Coordinator is notified. If the victim desires to seek outside support from a community agency or law enforcement, NSU will assist in providing information to contact the appropriate agency. The Title IX Coordinator will offer assistance to victims in the form of interim or long-term supportive measures as reasonably necessary.

At the victim's discretion, he or she will be connected with a professional counselor on-campus. Victims are not required to seek on-campus counseling, but NSU offers this resource to provide ongoing support. Victims may seek counseling on a voluntary basis.

When appropriate upon receipt of notice, the Title IX Coordinator will cause a prompt, fair and impartial process to be initiated, commencing with an investigation which may lead to the imposition of sanctions upon a responding student, employee, or other accused individual. The procedures that outline the investigation and resolution process at NSU are set forth in the Board of Regents Policy Manual found online at <https://www.sdbor.edu/policy/documents/1-18.pdf>

The designated coordinator for student or employee conduct procedures is responsible to assure in all cases that the behavior is brought to an end, NSU initiates measures to prevent its recurrence, and the effects on the victim and the community are appropriately remedied. The Title IX Coordinator is also responsible to provide annual training for deputy coordinators, advocates, investigators, hearing officers, and appeals officers that encompasses a hearing process that protects the safety of victims and promotes accountability. Training is designed to educate investigators on issues related to sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, relations, and any behavior that may pose as a form of sex or gender discrimination covered by Title IX and Clery Act. Training will help those decision-makers in the process to protect the safety of victims and to promote accountability for those who commit offenses.

The investigation and records of the resolution remain confidential unless disclosure is required by local, state or federal law or the interests of the public are substantially served and protected by the disclosure of information related to the respective investigation. Privacy of the records specific to the investigation are maintained in accordance with South Dakota law and the Family Educational Rights and Privacy Act (FERPA) statute. Any public release of information to comply with the open crime logs are timely warning provisions of the Clery Act will not release the names of victims or information that could easily lead to the victim's identification.

In any complaint of sexual misconduct, sexual assault, stalking, dating violence, domestic violence, covered under the federal law Title IX, the person bringing the accusation and the responding party are entitled to the same opportunities for a support person and/or an advisor of their choice throughout the process, including any meeting, conference hearing or other procedural action. Once complete, all parties will be informed, in writing, of the outcome, including the findings, any sanctions, and the rationale for the final decision. Notice of the final outcome to the parties will occur promptly and without undue delay. NSU is required to provide a live hearing. At the live hearing, the decision-maker must permit each party's advisor to ask the other party and any witness all relevant questions and follow-up questions, including those challenging the credibility. All parties will be informed of the NSU appeals process, and the right to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be

timely informed in writing, and will be notified when the results of the resolution process become final.

### **Confidentiality**

NSU recognizes the sensitive nature of sexual violence and is committed to protecting the privacy of any individual who reports an incident of sexual violence, dating violence, domestic violence or stalking. Different officials on campus are, however, able to offer varying levels of privacy protection to complainants. Reports made to law enforcement, including if criminal prosecution is pursued, may be made public and shared with the respondent, unless the report is subject to victim confidentiality.

Concerns about sexual misconduct or gender violence can be brought to certain NSU offices listed above as Confidential Reporting Options.

Reports made to certain NSU officials will be kept confidential, and identifying information about the victim shall not be made public. Reports made to medical professionals and licensed mental health counselors will not be shared with third parties except in cases of imminent danger to the victim or a third party.

### **Confidentiality in the Completion of Publicly Available Recordkeeping**

NSU will not release the names of survivors in its Timely Warning notices, Campus Alerts or "Emergency Notifications."

### **Confidentiality of Accommodations and Supportive Measures**

NSU will maintain the confidentiality of any accommodation or supportive measure unless it substantially interferes with the measure's implementation.

### **Disciplinary Proceedings**

#### **Statement of Sanctions:**

**Disciplinary sanctions for offenses are listed below. In addition, NSU campus bans, no contact directives or similar measures can be implemented to ensure the safety the victim and campus community at large.**

- Probation – Probation is for a designated period of time and includes the probability of more severe conduct sanctions if the Respondent is later found to have engaged in any additional violation(s) of the Student Code during the probationary period.
- Residence Hall Suspension – Separation of the Respondent from the University’s residence facilities for a definite period of time, after which the Respondent is eligible to return. Conditions for return to the residence facilities may be specified.
- Residence Hall Expulsion – Permanent separation of the Respondent from the University’s residence facilities. A sanction of residence expulsion will take the form of residence suspension pending completion of the appeals process.
- Suspension – Separation of the Respondent from the University for a definite period of time, after which the Respondent is eligible to return. Conditions for return may be specified. A Respondent who has been suspended from one SDBOR University may not enroll at another SDBOR University until the period of suspension has ended.
- Expulsion – Permanent separation of the Respondent from the University. A Respondent who has been expelled from one SDBOR university may not enroll at another SDBOR university. A sanction of expulsion will take the form of suspension pending completion of the appeals process.

**NOTE:** A student conduct board reserves the right to broaden or lessen any range of suggested sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor the appeals body will deviate from the range of suggested sanctions unless compelling justification warrants such action.

## **Campus Education, Awareness and Prevention Programs**

### **Definition of Terms**

### **Programs to Prevent**

The term **programs to prevent** refers to comprehensive educational and training programs intended to prevent violence that incorporate diverse approaches that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and consider risk and protective factors as they occur on the individual, relationship, community and societal levels.

### **Primary Prevention**

The term **primary prevention** refers to programming, initiatives and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before it occurs to prevent initial perpetration or victimization through the promotion of positive and healthy behaviors and beliefs. Efforts to change behavior and social norms, and promote healthy relationships, healthy sexuality and egalitarian gender roles, or efforts to understand risk factors and protective factors for bystander inaction and change social norms around bystander inaction are all examples of primary prevention.

### **Awareness Programs**

The term **awareness programs** refers to programs, campaigns, or initiatives that increase audience knowledge of the issues of sexual assault, domestic violence, dating violence and stalking and share information and resources to prevent interpersonal violence, promote safety, and reduce perpetration. These efforts can include campus communitywide mobilizations as well as targeted audience-specific programming (including both students and employees). Awareness month campaigns, “Speak Outs,” rallies or marches, informational poster campaigns or resource websites, and educational programming that focus on sharing resources and information about these issues are examples of awareness programs.

### **Bystander Intervention**

The term **bystander intervention** refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the individual. Effective bystander intervention training prepares participants to recognize situations of potential harm, overcome barriers to intervening, identify safe and effective intervention options, and take action.

NSU's sexual assault prevention has adopted a dual approach of integrating social norms correction with bystander intervention. One of the main barriers to an individual intervening to prevent a sexual assault is the misperception that others are not concerned, would not support an intervention, and would not respect someone who did so. These barriers are typically untrue, but incorrect perceptions may be preventing you or others from intervening in a threatening situation.

### **Prevention and Educational Programs Regarding Sexual Assault, Dating and Domestic Violence and Stalking**

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence and domestic violence, NSU utilizes a range of campaigns, strategies and initiatives to provide awareness, risk reduction and prevention programming.

It is the policy of NSU to offer programming to prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults) and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout the first semester. These programs and others offered throughout the year include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management and bystander intervention), and discuss institutional policies on sexual misconduct as well as the South Dakota definitions of domestic violence, dating violence, sexual assault, stalking and consent in reference to sexual activity. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, identifying allies and/or creating distractions.

Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Throughout the year, ongoing awareness and prevention campaigns are directed to students and employees, including faculty, often taking the form of emails, presentations and events such as an online training.

### **Campus Wide Online Title IX Training**

Beginning in fall 2020, NSU will use a new vendor for its annual online Title IX/EEO educational training courses; both employees and students will be required to complete the annual training course. The vendor is Vector Solutions and all faculty, staff and students will receive an email invitation for the appropriate online training course.

An online training is offered each year to employees and students **regardless** if it was completed the previous year. The content of each training may change from year-to-year to ensure that all participants receive updated information.

## **Definitions of Covered Offenses**

### **As Defined by the Violence against Women Act (VAWA)**

A **sexual assault** is any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent, as well as incest or statutory rape.

**Domestic violence** includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim.

**Dating violence** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:

1. The length of the relationship
2. The type of relationship
3. The frequency of interaction between the persons involved in the relationship

**Stalking** is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

## **Campus Sex Crimes Prevention Act**

In accordance to the Campus Sex Crimes Prevention Act of 2000, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, NSU is providing a link to the State of South Dakota Registry <https://sor.sd.gov>. All sex offenders are required to

register in the State of South Dakota and to provide notice of each institution of higher education in South Dakota at which the person is employed, carries a vocation or is a student.

Registered sex offenders can be identified by contacting the local law enforcement officials in our municipality. If you would like information regarding registered sex offenders who are actively enrolled or employed at NSU, contact the Brown County Sheriff's Office at 605-626-7100 or Aberdeen Police Department at 605-626-7000.

### **NSU Student Drug and Alcohol Policy**

In accordance with the Drug-Free Schools and Communities Act Amendments of 1989, the South Dakota Board of Regents strictly prohibits the unlawful possession, use or distribution of alcohol, marijuana or controlled substances by its students or employees while on property controlled by the Board. Northern State University's campus is an "alcohol and drug free" zone and only under certain circumstances is the consumption of alcohol permitted.

The manufacture, sale, possession or distribution of any controlled substances is illegal under both state and federal laws. Such laws are strictly enforced by local law enforcement agencies. Violators are subject to disciplinary action within the university and/or criminal prosecution. It is unlawful to sell, furnish, or provide alcohol to a person under the age of 21 in the State of South Dakota. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of NSU policy for anyone to consume or possess alcohol in any public or private area of campus without prior university approval. Organizations or groups found in violation of alcohol and other substance policies or state or federal laws may be subject to university sanctions.

Additionally, possession of empty alcohol beverage containers and drug paraphernalia is also prohibited. No student organization, club, or residence hall may sponsor any student-related activity at which alcoholic beverages are to be consumed, or at which consumption is stated, encouraged, or implied.

Violations of alcohol/other drug policies and regulations shall be responded to in accordance with the seriousness and frequency of the violation. A student's alcohol and

other drug violations accumulate during his/her entire career at NSU other public higher education institutions governed by the South Dakota Board of Regents.

1. The first alcohol offense will result in the student's mandatory attendance and completion with the recommendations of Insight Level 0 or the Insight Level I Insight Class at the student's expense and a student conduct warning.
2. The second alcohol offense will result in the student's mandatory attendance of Insight Level 1 or and compliance with the recommendations of the Advanced Insight Program at the student's expense. The student may also be placed on student conduct probation.
3. The third offense can result in the Advanced Insight Program or will result in the student's suspension or, in compelling circumstances, one may be permitted to continue attendance subject to disciplinary probation while participating in an approved substance abuse treatment program at the student's expense.

### **NSU Employee Drug and Alcohol Policy – Drug Free Workplace**

In compliance with the Drug-Free Workplace Act of 1988, the South Dakota Board of Regents strictly prohibits the unlawful manufacture, distribution, dispensing, possession or use of controlled substances by board employees and agents while on duty or while in any workplace controlled by the board. The workplace shall include premises and vehicles owned and controlled by the board and other premises and vehicles when used by the board for education, research, service or other official functions.

Any person violating this proscription shall be subject to disciplinary action, which may include termination of employment. The South Dakota Board of Regents police related to the Drug-Free Workplace Act can be found at:

<https://www.sdbor.edu/policy/documents/4-27.pdf>.

NSU is committed to providing a drug-free workplace. Employees who unlawfully possess, use, distribute, dispense or manufacture alcohol or other drugs while on duty will be disciplined. Any employee who is convicted of a criminal drug statute violation that occurred in the workplace must report that conviction within five days to the NSU Office of Human Resources and the employee's direct supervisor.

## **NSU Parental or Guardian Notification of Drug and Alcohol Violations**

The Family Educational Rights and Privacy Act (FERPA) permits universities to inform parents of drug and alcohol policy violations committed by their students. Northern State's policy is to notify parents or guardians of their student's alcohol and/or drug policy violation if the student is under 21 years of age and not emancipated, and the violation occurred as follows:

1. When it is determined that the student has committed a second violation of the South Dakota Board of Regents Alcohol and Drug Policy and that the violation resulted in at a minimum an imposition of disciplinary probation and that the violation was (a) committed while on property owned or controlled by NSU or any other Board of Regents institution; or (b) committed during travel sponsored by a department, college, or recognized student organization of NSU or any other Board of Regents institution; or (c) committed while attending an event sponsored by a NSU department, college, or recognized student organization or that of any other Board of Regents institution;
2. Violation of the Board of Regents Alcohol and Drug Policy by the student while enrolled at another Board of Regents institution shall be considered a violation under this policy.
3. The vice president of student affairs or another designated university officer, will determine if parental notification is appropriate. Any parent or guardian notification will be in writing and mailed to the home address on record.
4. Records of parental notification under this policy will be kept on record in the Office of Student Rights and Responsibilities or as designated by the Office of Student Affairs.

## **Fire Safety Report**

### **Aberdeen Fire Department**

The Aberdeen Fire Department provides services to the city of Aberdeen. The department maintains a standard of training which encompasses both prompt response to emergencies and the safety of citizens in Aberdeen. Emergency services are available from campus phones by dialing 9-911 or off campus by dialing 911.

### **Fire Safety Training**

Fire safety is a shared campus concern. Students are made aware of the location of fire safety equipment. Fire evacuation plans and instructions are posted in the residence halls. Residence hall staff are trained in the event of a fire emergency.

Fire drills are conducted each semester to ensure students understand emergency evacuation procedures in the residence hall. Students are required to evacuate the building whenever an alarm sounds. If it is necessary and safe to do so, staff may enter rooms to ensure residents have evacuated the building. Students who do not comply with evacuation procedures are subject to conduct proceedings.

Fire drills were also conducted in September 2017 in each administrative building. The fire drills were conducted in coordination with Aberdeen Fire & Rescue. All drills were monitored by the Aberdeen Fire & Rescue fire marshal and required remedial actions were implemented where required.

### **Fire Safety Inspections**

The university may routinely inspect rooms to insure that the fire standards are being followed. Residents are provided at least 24-hour notice will be given prior to inspections. Residence halls are regularly inspected during closing times (Thanksgiving, semester break and spring break) and as needed for building monitoring during breaks.

Aberdeen Fire and Rescue also conduct yearly fire safety inspections in each office space on campus. All deficiencies are documented and remedied as appropriate.
