

**SOUTH DAKOTA BOARD OF REGENTS
ACADEMIC AFFAIRS FORMS**

Authority to Offer an Existing Course

NSU
Institution

Science and Mathematics
Division/Department

Michael Wenous
Institutional Approval Signature

10/9/2020
Date

1. Is this a request to offer an existing common course or an existing unique course (approval will change course status from unique to common)?

- Common Course
- Unique Course

2. Provide the complete description as it appears in the system database including pre-requisites and co-requisites.

| Prefix & No. | Course Title | Credits |
|--------------|--------------------------|---------|
| CHEM 342L | Physical Chemistry I Lab | 1 |

| Course Description |
|--|
| Laboratory designed to accompany CHEM 342. |

Pre-requisites or Co-requisites (add lines as needed, make sure to copy boxes in Pre-req and Co-req cells)

| Prefix & No. | Course Title | Pre-req | Co-req |
|--------------|----------------------|-----------------|--------|
| CHEM 342 | Physical Chemistry I | Choose an item. | Yes |

3. Universities currently offering this course, or any equated courses (place an "X" in the appropriate boxes):

Please consult any universities indicated below, and attach correspondence with the campus response. Communication and approval should include the Provost's office at the universities currently offering the course.

- BHSU
- DSU
- NSU
- SDSMT
- SDSU
- USD

Dear Dr. Haller,

The faculty of Chemistry Program at SD Mines are supportive of NSU offering Chem 342L and 344L.

Best regards,

Zhengtao

Zhengtao Zhu, Interim Department Head and Associate Professor

Chemistry, Biology & Health Sciences

Subject:[EXT] Feedback Requested for Authority to Offer Existing Course

Hello, Dr. Zhu.

I am the Associate Dean for the College of Arts and Sciences at Northern State University. Our Department of Science and Mathematics would like to offer CHEM 342L (Physical Chemistry I Lab) and CHEM 344L (Physical Chemistry II Lab) beginning in fall 2021 in an effort to provide students with additional skills in chemistry and create more specific course work tailored to job market needs. These lab courses will be taught by a highly qualified faculty member who specializes in the chemical sciences.

We are submitting an Authority to Offer an Existing Course form for each of these labs. The South Dakota School of Mines and Technology currently offers CHEM 342L and CHEM 344L, so I am writing to ask for your supportive feedback regarding our offering these courses. If you would like additional details, please let me know. I appreciate your time and consideration, and I look forward to hearing from you.

Sincerely,

Dr. Elizabeth Haller

We should be fine with it. We are actually dropping the P chem lab courses as ACS doesn't require labs on all 5 basic area. We will only be using lectures moving forward.

Dan

Subject: [EXT] Feedback Requested for Authority to Offer Existing Course

Hello, Dr. Asunskis.

I am the Associate Dean for the College of Arts and Sciences at Northern State University. Our Department of Science and Mathematics would like to offer CHEM 342L (Physical Chemistry I Lab) and CHEM 344L (Physical Chemistry II Lab) beginning in fall 2021 in an effort to provide students with additional skills in chemistry and create more specific coursework tailored to job market needs. These lab courses will be taught by a highly qualified faculty member who specializes in the chemical sciences.

We are submitting an Authority to Offer an Existing Course form for each of these labs. Black Hills State University currently offers CHEM 342L and CHEM 344L, so I am writing to ask for your supportive feedback regarding our offering these courses. If you would like additional details, please let me know. I appreciate your time and consideration, and I look forward to hearing from you.

Sincerely,
Dr. Elizabeth Haller

4. Does Offering the Course Create FTE Implications? No

If no, Replacement of NA (deletion form attached)
(prefix, number, name of course, credits)

Effective Date of Deletion: [Click here to enter a date.](#)

5. Does Offering the Course Create Schedule Management Implications? No

Explain: Course rotation

6. Existing program(s) in which course will be offered: Chemistry (BS and BSEd)

7. CIP Code for the course: 40.0506

8. Proposed instructional method by this university: L - Laboratory

9. Proposed delivery method by this university: N01 (Face-to-Face)

10. University Dept. Code: NCHP

Banner Department Code: NCHP

11. Authority to offer effective beginning in what term? Fall 2021

12. Section Restriction: None
