**Section 1. Course Title and Description**

*If the course contains a lecture and laboratory component, identify both the lecture and laboratory numbers (xxx and xxxL) and credit hours associated with each. Provide the complete description as you wish it to appear in the system course database, including pre-requisites, co-requisites, and registration restrictions.*

<b>Prefix &amp; No.</b>	<b>Course Title</b>	<b>Credits</b>
GLC 301	Global Health and Food Politics	3
GLC 301L	Global Health and Food Politics Lab	1

*NOTE: The Enrollment Services Center assigns short, abbreviated course title that appears on transcripts. The short title is limited to 30 characters (including spaces); meaningful but concise titles are encouraged due to space limitations in student information system.*

**GLC 301 Course Description**

Examination of global health priorities, programs, and challenges as well as ongoing changes in global health trends. Students will explore successful initiatives and programs promoting public health, including analyzing the politics surrounding food production, distribution, and choices and how these politics play a factor in the determinants of health and disease. Majors in the Global Language and Culture program should register for the lab component that corresponds to their language emphasis.

**GLC 301L Course Description**

Language lab that provides focused study of global health and food politics as they pertain to the countries that speak the language associated with this lab section. Lab is taught in the language of this section. Completion of first-year courses in language emphasis or permission of instructor is required.

*NOTE: Course descriptions are short, concise summaries that typically do not exceed 75 words. DO: Address the content of the course and write descriptions using active verbs (e.g., explore, learn, develop, etc.). DO NOT: Repeat the title of the course, layout the syllabus, use pronouns such as "we" and "you," or rely on specialized jargon, vague phrases, or clichés.*

**Section 2. Review of Course**

**2.1. Will this be a unique or common course (place an “X” in the appropriate box)?**

**Unique Course**

*If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.*

Prefix & No.	Course Title	Credits
NUTR 111	Food, People, and the Environment	3
ABS 203	Global Food Systems	3

*Provide explanation of differences between proposed course and existing system catalog courses below:*

NUTR 111 looks at ethical issues and environmental impacts of global food production and food processing, whereas GLC 301 explores the politics of food production and distribution and its role in global health and disease. ABS 203 looks at global food systems and agricultural diversity, with a focus on agricultural constraints and practical issues of food production (techniques, economics, etc.), whereas GLC 301 explores various aspects of global public health in conjunction with politics of food production. Overall, GLC 301 provides a more comprehensive look at food systems, production, distribution and their role in global health and disease. There is no equivalent to the proposed GLC 301L courses.
