There is no refund for dropping individual classes unless dropped by census date of each class.

Financial aid is calculated based on the combined enrollment for the entire summer semester (May 21 through July 27) and is disbursed at the beginning of the first term of enrollment. Any subsequent changes in enrollment may require a recalculation of financial aid already disbursed. All courses registered for the term are included in determination of satisfactory academic progress. This includes non-standard-length and correspondence courses.

- Attendance confirmation is not required in summer.
- To earn aid, you must start your classes.
- Classes taken from other SD universities may have different start and end dates.

SUMMER 2018

Refunds

Refunds for dropping a class while maintaining enrollments in other classes will be calculated as follows.

Class length:

May 21 – June 22	Drop by May 23	Refund 100%
June 25 – July 27	Drop by June 27	Refund 100 %
May 21 – July 27	Drop by May 26	Refund 100%

If classes do not follow these dates, refunds are calculated at 100% for drops within the first 10% of calendar days within the class period.

Return Check Policy

It is understood and agreed that upon presentation of your check as the form of payment for any Northern State University transactions, you are entering into a contractual agreement that obligates you and holds you responsible for any and all fees and expenses incidental to the principal obligation on any check that is returned non-payable. Returned checks, state surcharges, sales taxes and incidental fees may be debited from your account electronically or by way of paper draft.

Withdrawals/Refunds

Drops:

Most summer classes are considered non-standard length classes. In order to receive a 100% refund for a non-standard length class, the class must be dropped by 10% of the calendar days of the class (Census date). Students may drop individual classes via WebAdvisor or by contacting the Registrar's Office (Dacotah Hall 103) or a departmental secretary until 70% of the course has passed (Drop date). Courses dropped by Census date will not appear on the student transcript and will no longer be calculated in attempted credits. Courses dropped after Census date but by the Drop date will remain on the transcript and will receive a withdrawal grade. Undergraduate students receive WD grades for their first 6 individual drops. After the 6th a WFL grade is posted, which counts as an F. Zero credit courses and co-requisite labs will receive a W grade. Students should consider this when deciding to drop a course. Dates for our most common terms are listed in Important Deadlines & Dates. Students are responsible to know and adhere to the Census and Drop dates of each class they enroll in.

Withdrawals:

The student must notify the Registrar's office if they decide to withdraw from all courses at all of the South Dakota's six public universities for summer. The notification cannot be completed on WebAdvisor, but must be made in writing, by phone or in person to Registrar staff. The withdrawal date is the date the student notifies the Registrar's office of intent to withdraw (Graduate students may contact the Graduate office). A student may not withdraw if it is past the Drop date of any enrolled class though they may be able to drop courses that have not reached their drop date. Each situation is unique, so eligibility for refund will be determined upon withdrawal. Room contracts and meal plans will be refunded based on the unused portion of the charges. Refunds will be calculated through 60% of the semester.

Withdrawals prior to term start are cancels and nothing appears on the transcript. Withdrawals after term start through census result in a notation on the transcript. For withdrawals after census through 70% point, all classes appear on the transcript with WW grades.

SUMMER 2018

In accordance with federal regulations, refunds for financial aid recipients will be returned to aid programs first as required by federal regulations. Any remaining funds will be returned to the student. If the aid repayment results in a balance due, the student will be responsible to remit that amount to the University.

Students are encouraged to sign up to receive refunds through direct deposit to their checking or savings account.

Administrative Withdrawal

Students may be administratively withdrawn from Northern State University for disciplinary reasons, or for failure to meet financial obligations. In all cases, the Registrar will be responsible for carrying out the withdrawal. The effective date of withdrawal for disciplinary reasons or failure to meet financial obligations will be the date the withdrawal is processed. The withdrawal date will determine any refund based on the refund schedule in effect for the term in question.
